

WEEK 1 10/10

Massive day Caulfieds Guineas day.

The day started off pretty slowly with Downsy picking up \$33.70 on a Panlay for \$1 each way. He had Harrys Never Late (2nd) into Avenue (1st) into Apache Cat (2nd) into Whobegotyou (1st). Bad luck mate on not betting next week. Zoo was a bit stiff, he had 5 win bets and a couple of narrow misses. Same with Robbie Hazelwood w ho just missed with Tootsie in the last. When we thought all was lost in came Patto. He had a lazy \$50 on star Spangled Banner which paid a massive \$12.60 for a \$630 return. That's a record for a return on 1 bet. Word is he had an even better day at the races. Good on ya mate you're a gun. He's had a rough couple of months so this should put a smile on his dial and ours too. Nuff had a multi (tennis, American football, soccer) which just missed so bad luck there.

Go the punt.
