

WEEK 13 16/1

Dear Punters

Another week another small loss. We came a bit closer this weekend but the results don't really tell the whole story. We had a lot of each way bets for a lot of placings. The quaddie paid over 200k so winners were hard to come by.

Our carry over champ, Bones, backed Anavalance (place) in the 3rd each way at Femington, then backed Pentire Point (no good) in the 4th, Awimoweh (place) each way in the 5th and My My Maree (no good) in the last.

The punk backed Awimoweh (no good) on the nose in the 5th and Berringama (place) each way in the 6th, it paid \$3.60 a place so he bets again next week. It would have been a great result if that got up.

Benny Hazelwood had a crack from Pommy land and backed Swooper each way (no good) in the 6th at Flemingotn and The starlet (place) each way in the 4th at Rosehill.

Ben McCoy put 2 multi's on at \$25 each. The 1st was the Bushrangers (win) in the 20/20 into Melbourne Victory (win) into Fulham (lost) in the EPL. The 2nd was Bushrangers (win) into Victory to draw (lost) into Fulham (lost) so close but so far away.

Our Fearless leader Fitzzy just couldn't bring himself to bet this weekend or during the week so he forfeits his bet and the \$50 is banked which is probably a result there
Go the punt.
