

WEEK 15 30/1

Dear Punters,

The season is going fast with only 4 weeks to go. Can we start getting your cash in and make sure we're all paid up.

The punk did it again backing Nicconi in the lightning stakes each way so he gets to punt again for the 4th time in a row.

His other bets were Buccaneers Prize, (no good) eachway in the 4th at Randwick and Kings Pride (no good) in the 7th. Go Punk.

Whitey backed Leapfrog (no good) in the 7th at Doomben.

Brad Benson had a winner but actually lost on the bet. He had a Flexi tri in the 3rd at Flemington. He had 1,2,3 for 1st 1,2,3 for 2nd, Field for 3rd. The order was 1 won, 2 came second and 3 third. As they were all favourites he won back \$19.90 for a \$30 bet. Bad luck mate.

His other bet was Speedy Natilie (no god) in the 7th.

Tony Dimanno backed Winnin Situation (no good) in the 7th at Gold Coast.

The hard luck story of the week was a soccer multi by Stevie D. He was alive into the last leg to just miss.

He had Birmingham v Tottenham (draw), Chelsea (win), Man City (win), Westham v Blackburn (draw), Everton and Bloody Stoke to win but was a nil all draw. That cost us \$2,700. bit stiff mate, but good punting. His other multi was no good.

Make sure I get cashed up.

Go the punt.
