

## WEEK 16      6/2

Dear Punters,

Another week, another loss. There's still a chance we can get out of the little hole we've dug, pretty slim though. We've got to go down swinging.

The Punks run finally came to an end. He bached Innocent Gamble (no good) 5<sup>th</sup> at Caulfield and Viewed (no good) in the 7<sup>th</sup>.

I had a win but really lost. I got the Quaddie at Caulfield on Saturday for 10%. Mostly favourites came in so a small dividend. It actually cost us money to put it on and I don't get to bet next week. Damn.

Hobbo backed Innocent Gamble (no good) as well in the 5<sup>th</sup> at Caulfield.

Mick Ewenson backed Irish Lights (no good) in the 6<sup>th</sup> at Caulfield. He also had a multi. West Indies (lost) into New Orleans (won) to win the Super Bowl. Bad luck mate but don't back against the Ozzys. Helman didn't bet.

Need cash boys so will catch up with everybody.

Go the punt.
